

Hosted by the  
USFWS's Aquatic Animal Drug Approval Partnership Program

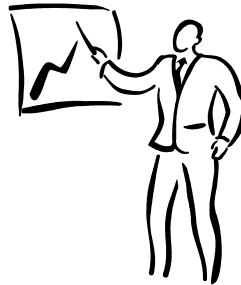

# 16<sup>th</sup> Annual U.S. Fish & Wildlife Service Aquaculture Drug Approval Coordination Workshop

August 3<sup>rd</sup>—5<sup>th</sup>, 2010      Bozeman, MT

---

## CALL FOR PAPERS

---

We are looking for dynamic and engaging researchers to present high quality oral presentations at the 16<sup>th</sup> Annual USFWS Aquaculture Drug Approval Coordination Workshop.

**Subjects:** Technical presentations on aquaculture drugs and biologics research (bactericides, parasitcides, anesthetics, spawning aids, marking agents, vaccines, etc.), disease models, or any new up-and-coming wonder drugs or biologics that you believe would be of interest to Workshop attendees.

**Audience:** Federal, state, and university researchers, fish culturists, fish health biologists, CVM's Aquaculture Drugs Team, drug company sponsors, and more!

Please call (406-994-9910) or email ([jim\\_bowker@fws.gov](mailto:jim_bowker@fws.gov)) Jim Bowker for more information. For more Workshop details see the AADAP Program website online at: [www.fws.gov/fisheries/aadap/inadworkshop10.htm](http://www.fws.gov/fisheries/aadap/inadworkshop10.htm)

Hope to see you there!

**Deadline: May 28, 2010**
